BOD/2021/07-03 | Proposed Revision to Nepal Education Sector Program Implementation Grant and Multiplier Grant: The Board of Directors:
1. Approves the proposed revision as set out in Annex 4 to BOD/2021/07 DOC 03.
2. Notes the impact of the pandemic on education systems and that the proposed revisions are due to COVID-19. The Board also notes that Nepal has seen a recent resurgence in cases, leading to renewed school closures and Ministry staff also being impacted. The government and the grant agent, in consultation with the local education group, are invited to continue considering mitigation measures on potential delays or other constraints that the pandemic may have on program implementation including, if necessary, a modification of indicator targets. Other adaptations to consider could relate to adapting the proposed program to emerging issues, notably impact on children learning as a result of school closures, as needed.
